

RECAP IQ DEVELOPMENT OPTIMIZER

HOW CAN I IDENTIFY POTENTIAL PARTNERS THAT HAVE DEMONSTRATED “BEST PRACTICES” REGULATORY PERFORMANCE?

USE CASE

I’m looking to identify potential partners in the area of Cancer that have demonstrated “best practice” ability to develop products and secure FDA approval.

HOW TO CONSTRUCT

Go to Graph > Performance and construct your search (Therapeutic Area: “Oncology (All)”). Then click “Update Graph”.

The screenshot displays the 'Search Builder' interface for the Recap IQ Development Optimizer. At the top right, there are two buttons: 'Save Graph' and 'Update Graph'. Below these, the interface is divided into two tabs: 'Search Builder' (selected) and 'List of Records'. The main search area is titled 'General Search' and includes the following filters:

- Company:** All (Recap Bioportfolio)
- Therapeutic Area / Indication:** Oncology (All)
 - All
 - Allergy/Respiratory: All
 - Cardiovascular: All
 - Endocrine/Metabolic: All
 - Genitourinary/Sexual Health: All
 - Infectious Disease: All
 - Oncology: All
 - Other/Miscellaneous: All
 - Autoimmune/Inflammatory: All
 - Dermatologic: All
 - Gastrointestinal: All
 - Hematologic: All
 - Neuroscience: All
 - Ophthalmic: All
 - Transplantation: All
- Mechanism of Action:** All
- Technology:** All
- License Status:** All
- Partner Status:** All
- FDA Regulatory Designation:** All

At the bottom left, there is a 'Comparison Search' section.

RESULTS

- Select the matrix of interest on the graph to get the List of Projects behind that cell.
- Click on a particular project to get an overview of the project, Recap's Interactive Clinical Timeline that tracks a drug's progress, Company Clinical Summary, and the alliances, clinical trials, press releases, regulatory documents, abstracts, and sponsor documents associated with the project.
- Click "Save Graph" to save the graph and "Print List" to print the list of projects.
